ICRI Online Membership Directory Hyperlink Order Form

In June 2002, ICRI launched the ICRI Online Membership Directory, enabling people from around the world to locate your company, facilities and representatives by your specialty categories and geographic location(s); the same way they have been finding you for years in our annual ICRI Membership Directory, "Who's Who in Concrete Repair."

The Online Membership Directory may bring browsers one click closer to your company, but now you can close that loop by posting a hyperlink to your company web site from your listing the directory. For an annual fee of **\$100**, ICRI will post a URL from your company listing(s) to your home page. This **\$100** fee also covers **all** additional member employees under your company membership; even those from different locations.

Upon receipt of your hyperlink order, ICRI will reply to you with a list of the members from your company who will have hyperlinks from their directory listing. As your company enrolls additional ICRI members, we will automatically include your company's hyperlink with their listing.

Since your hyperlink expires with your company membership, ICRI will send a hyperlink renewal form once a year with your company membership renewal application. Contact Dale Regnier (dale.regnier@icri.org), Manager, Marketing & Chapters, at 847-827-0830 for more information.

Don't miss out on this exciting new member benefit!
