

The background of the left side of the image is a photograph of the Austin skyline, featuring several high-rise buildings. In the foreground, there is a concrete wall and a paved area. On the paved area, there are several concrete repair projects, including a large star-shaped patch with the word "AUSTIN" and a star inside it, and another patch with the word "BRAUN" and "250 MILES" inside it. The text "Keep Concrete Weird" is overlaid on the image in a large, colorful, 3D font. Below it, the text "UNUSUAL PROJECTS" is written in a smaller, white, sans-serif font.
